SIR

I have the honour to state that the application of the President and members of the Dobspet Free Reading Room for the free grant of a bit of Municipal land measuring 15' x 20' in Miller's Road for constructing a Reading Room building thereon was considered by the City Improvement Committee on 16-12-1943. They decided that the vacant land measuring 40' in width and the whole length of the land measuring 20' as noted in the enclosed sketch may be leased to the Association at a nominal rent of Rs 2/- per annum on the condition that only a Reading Room should be built and that the land not kept open as a play ground and the whole land should be resumed by the Municipality, if it does not serve this purpose, for which the land is granted. The Municipal Council at their meeting held on 28-12-1943 have approved the opinion of the City Improvement Committee.

The matter was again placed before the Municipal Council, to fix the period of lease, who at their meeting held on 24-7-1944 have resolved that the period of lease will continue as long as the Reading Room exists in that place, that the land with the building thereon will revert to the Municipality, if the Reading Room fails to function as such there and that the building should be completed within a period of one year. A copy of the said resolutions of the City Improvement Committee and the Council referred to above are herein enclosed.

As this amounts to a perpetual lease of land, I request that sanction of Government may be kindly obtained to the resolution of the Council under Section 41 (2) of the City Municipalities Act of 1933.

I have the honour to be
